The health of our workers is always our priority. We have developed a series of safety measures and protocols to keep our workers safe during Covid-19. All office staff are currently working remotely and fieldwork is being conducted with appropriate physical distancing and sanitization procedures in place.

About us:

ASI is a Canadian-owned company that was founded in 1980 in response to increasing public awareness of the importance of the province's heritage. With offices in Toronto and Burlington, we are the largest archaeological and cultural heritage consulting firm in Ontario. We perform archaeological excavations throughout Ontario; exploring everything from 19th century historical homesteads to 15th century Indigenous villages.

ASI is committed to fulfilling our core value of employing an industry-leading team of diverse, accomplished, and dedicated professionals. We aim to create a workplace that celebrates the diversity of our employees, customers, and stakeholders, and commit to creating culturally sensitive products. ASI endeavors to foster an inclusive, equitable, and accessible environment where all employees feel valued, respected, and supported.

We are an Equal Opportunity Employer in accordance with the Accessibility for Ontarians with Disabilities Act, 2005, the tenets of the Canadian Human Rights Act and the Ontario Human Rights Code.

About you:

ASI is seeking to employ people with a love for the outdoors who thrive in a physically demanding job. Our ideal candidate will be a team player, dependable, and have a positive attitude.

Position Requirements:

Candidates must be able to perform physically demanding and repetitive tasks.

Candidates must be able to work outdoors in adverse environmental conditions in hot and cold temperatures.

We start work early in the morning; you will need to meet at a central location no later than 7 a.m. to drive to the site or be on site by 8 a.m.

A working knowledge of archaeological field methods is preferred but not required for this position.

We work in tight-knit teams out in the field, so successful applicants must be able to work well in groups.

You will need excellent communication skills, both written and verbal.

Some jobs may require temporary out of town billeting, so flexibility is required.

Key Responsibilities

Field walking looking for archaeological materials (can require walking up to 20km a day).

Conducting test pit surveys – digging pits and screening dirt for archaeological materials.

Excavations – digging and screening archaeological units.

Data recording (e.g. site maps, site records, photographs, field notes etc.).

We are happy to train you on archaeological field methodologies and provide opportunities for mentorship and career advancement.
